To Whom it May Concern:

Re: David H. Madoff M.D., Ph.D.

It was a pleasure to work with physician and expert witness David H. Madoff M.D., Ph.D. on several medical malpractice cases.

Dr. Madoff was responsive, had an excellent grasp of the issues and wrote exceptional expert witness reports.

I found him to be very knowledgeable in his areas of expertise, which include diabetes as well as general endocrinology and metabolism.

I can highly recommend Dr. Madoff for medical malpractice and other medical-legal assignments.

Thank You.
